

A guide to recycling your plastic waste.

In 2019 SHARE started the RECYCLING FOR CHARITY project, sending household items that our councils do not collect to TerraCycle and generating income for charities. We have raised over £7000 for Kicks Count, our main charity, who aim to reduce UK stillbirths.

- This guide shows details of the different items collected, divided into programmes
- TerraCycle have partnered with manufacturers who dictate what can be accepted
- Each manufacturer's items are boxed and sent separately to be credited
- TerraCycle process the items we send them, to be made into park benches & water butts

Please sort and bag or band or brick your plastic items into these programmes:
