May 27 th	Nicki	East Cornwall Search & Rescue
----------------------	-------	-------------------------------

East Cornwall Search and Rescue Team is a charity made up of over 40 unpaid volunteers who are on call 24/7, 365 days of the year, supporting statutory emergency services to search and rescue missing persons. Each year it costs around **£25,000** to keep the team running, we do not receive any funding from the Government and therefore heavily rely on public generosity. **We look forward to seeing you at the Quiz.**

We are proud to announce that one of our Search Dogs has recently qualified and is now able to assist the team in searches for High Risk Missing Persons. TegOrs who lives in the parish and his handler have worked tirelessly for over two years. Massive congratulations to them both for the incredible work put in. TegOrs brother Mac is not far behind and will hopefully qualify this year.

Some frequently asked questions about our Search Dogs:

How long does the training take? Search Dogs take around two years to train with their handler.

What does the training consist of? Training is usually carried out in a variety of locations around the country some local such as Kilmar Tor and Dartmoor and others like South Wales and the Lake District. The dogs learn how to locate scent markers in various types of terrain and weather.

How do dogs qualify? The dogs are assessed in various search areas to ensure they clear the areas efficiently and locate all the volunteers who are acting as missing persons.

How many dogs do we have? At present we have two operational dogs Izzy and TegOrs and one trainee dog, Mac.

How many volunteers do we have? We have 35 operational team members and a group of around 10 team members who are either support volunteers or our Trustees.

If you would like to know more about the team please take a look at our website www.eastcornwallsrt.org.uk or Facebook [East Cornwall Search & Rescue Team](#). If you would like to support the team and it's fundraising, please contact amy@eastcornwallsrt.org.uk **Amy Harvey-Brewer 07531 423 866**

Cameron HOGG Landscape DESIGN and BUILD

I'm 30 years old, skilled and enthusiastic Landscape gardener with around 9 years' experience in Landscaping. I've been in and out of the area for the last 10 years, my parents live in the parish and I'm now settling down nearby. I have a background in design, landscaping and building.

Worked up from labourer status through to skilled worker, I was head landscaper for the company I worked for in Bristol, working with a small team and also have done my own private work.

I've completed a short course in joinery and have worked with highly skilled tradesmen, which has enabled me to learn and practice a lot of practical building skills.

Services I offer include, but are not limited to; garden clearance, wall building (both brick/block and stone walling), laying patios, fencing, decking, turfing, raised beds, tree and shrub planting, sleeper work, and block paving.

Now embarking on my own business venture I hope to create beautiful spaces encompassing my love for plants and nature along with my passion for good craftsmanship.

Once established I plan to take on a labourer to complete jobs in a timely way.

I would love to hear from you regarding any landscaping requirements, small to medium size tasks.

Free consultation and taking bookings from mid May.

South Haylands Produce

So what are we doing at South Haylands to ensure sustainability and environmental benefits alongside our beef production? Well...

🌱 We have planted herbal/ diverse mixtures of grasses, legumes and herbs. These mixtures benefit the soil structure, pollinators and reduce our inputs by using legumes that fix nitrogen from the air back to the soil to be utilized by plants. These mixtures have varied root depths too, so should we have another dry summer like previous years; the deeper rooting plants will be able to survive much drier conditions.

🌳 We have been and will continue to plant more trees on farm. This spring we have introduced more fruit trees and we have plans to reinstate some original hedges to aid our rotational grazing plans too. Alongside this we are having the privilege to be having one of 70 plantations of 70 trees to mark King Charles 70 years as the Duke of Cornwall, which ceased last year after his accessions to the Throne.

🐝🦋 We have an abundance of wildlife and insects here and being a neighbour to the Greenscombe wood SSI, home of the Heath Fritillary we think it's really important to broaden these habitats. We have taken out of production, various corners of very steep areas, that we cannot utilise efficiently. We have many hedges that aren't cut annually and a real array of varieties of trees and plants. Low input fields also buffer the woods.

🐝💚🗑️ Soils are so important! Since looking at our carbon footprint, we have realized just how much our soils can achieve by being looked after. This is altering the way we are thinking about crop production, and we are hoping to trial new things over the next year or two, to see if any improvements can be made. We carry out soil health checks annually, keep our PH levels correct and are very cautious with what fields we will rotate.

There is a load more I could write, but I think that's enough for now!

These are some reasons why British beef is amazing! and we all need to back British Farmers and local suppliers.

A family farm, just below Kit Hill producing local, sustainable and assured meats. Available to purchase direct from the farm at select times throughout the year.

Beef & limited lamb available.

ECO CHURCH
AN A Rocha UK PROJECT

Silver Eco Church
Award Certificate

We are very excited to announce that we have achieved our Eco Silver award. Well done to everyone who helped make this possible. Only a handful of churches have achieved this in Cornwall.

Taking part in global and national events are part of the criteria and participating in **EARTH HOUR** last month, despite the torrential rain, was something we were pleased to do. We spent an hour with the lights off in an eco-friendly way enjoying song, story and baked potatoes together. The fire pit (thanks to SHARE for the firewood) was a warming welcome at the church gate. See below for the count on nature event in June.

If anyone would like to help with this, please contact me.

The first cut of grass has happened, and the smell of cut grass was a welcome return.

There have been some great photos on [St Sampson's Living Churchyard | Facebook](#) and I look forward to more, and yes, I was taken in by the 'king robin' on April fool's day!

It was wonderful to worship together on **EASTER DAY** and the church was beautifully decorated. Thank you to all the flower arrangers. We are very blessed with our amazing rural location and all it has to offer and the variety of people who live and work here. If anyone is exploring their faith and are thinking of being confirmed please contact me.

St Sampson's continued.

Saturday June 24th - Medieval Barrow Push and Church Fair returns for a second year.

Come and commemorate the route that the people of Callington had to walk to attend church or bury their dead at South Hill, before they were allowed to build their own church in Callington.

Create a barrowful of something you feel passionate about – food, film or favourite anything! Wear Fancy dress to match your theme. Teams of up to 6 people.

No restriction on the size of your barrow, but you will have to push it the 2 miles to St Sampsons Church.

Best decorated barrow 1st, 2nd & 3rd Prize, including an annual engraved Trophy made from St Sampson's bell frame.

Dignitaries start outside St Marys church, Callington, at 12.30.

Teams of Barrow pushers assemble at Beech Auctions, South Hill Road.

The procession then walks to St Sampson's Church at South Hill, for fun, food and frolics at 2pm

(You can join **Recycling for Charity** wheelie bin push with Ali if you like.)

Saturday June 10th 11am - Count on nature

As part of the national Churches Count on Nature week, St Sampson's will be hosting a mini ramble around the churchyard with Mike Stephens pointing out and recording the plant and animal species encountered. All are welcome. [Love your Burial Ground Week & Churches Count on Nature – FAQs – Caring For God's Acre – the conservation charity for burial grounds across the UK \(caringforgodsacre.org.uk\)](#)

Prospective new members welcome to attend a couple of meetings with no commitment!

RECIPE OF THE MONTH Asparagus and halloumi pasta. Make the most of delicious, seasonal English asparagus with this quick and easy lunch or supper dish.

Asparagus and halloumi pasta.

Bring a pan of water to boil and cook pasta (whatever type you have to hand) as per packet instructions, allowing 75g per person as a main course.

As it cooks, pour a generous splash of olive oil into a large frying pan.

Add chopped asparagus, three spears per person, together with 50g per person of diced halloumi.

Fry gently for a few minutes so the asparagus turns a brighter green and the halloumi is gently browned.

Toss together with the cooked pasta and squeeze over lemon juice.

Finish with grated Parmesan and fresh basil.

A hardy group of members from South Hill ventured across the border into Devon via the Tamar bridge on a very rainy day. The purpose was to find out more about the history of the Royal Albert bridge built by Brunel and the Tamar Road bridge. After a brief chat in the visitor centre we went out onto the pedestrian walkway in some very blustery weather. The sensation of walking along the pathway with the bridge moving beneath our feet was an interesting one!

The talk and being able to see the structural and engineering details was fascinating.

THE COMMUNITY HEARTBEAT TRUST

will be demonstrating the use of Defibrillators and explaining how the equipment works and it's benefits to the community in saving precious minutes in the treatment of **Sudden Cardiac Arrest**

WHY?

The more people who know how to use the portable defibrillator installed in our community, the more chance there is of saving the life of a victim of **Sudden Cardiac Arrest.**

WHERE?

South Hill Parish Hall, Golberdon.

No Pre-Booking necessary. Everybody is welcome, including secondary school age children, and no special skills are required, just a willingness to play an important role in the event of a medical emergency.

Notice of Parish Hall Annual General Meeting 22nd May 2023

All South Hill residents are invited to attend the AGM of the Parish Hall which will be held in the hall on Monday 22nd May at 7.30pm. Those over age 18 are also entitled to vote at the meeting which includes the election of (up to) five members on the management committee, in addition to those nominated by parish organisations.

The Parish Hall is a registered charity, run by unpaid trustees and members of the community. Your support for the continued success of the hall will be valued, whether by simply attending the meeting, by considering helping on the committee or by volunteering in other ways.

If you think you may be able to help and have any questions then please feel free to contact me, or any committee member, for an informal chat or just come to the meeting.

We look forward to seeing many of you on Monday 22nd May.

CHURCH MATTERS: *Between Times*

By the time you read this, Easter will have come and gone. You will be in **between times**. During the seven week interval between Easter and Pentecost, the first followers of Jesus had been told to wait until the Spirit comes. They were witnesses to an incredible event: the resurrection of a man who was clearly, a few days before, dead (the Romans ensured this was the case). It blew their minds and completely transformed them from being a scattered, fearful and despondent group into courageous and joy filled people who turned the world upside down. But first, they needed something or someone to help them. Jesus, now risen from the dead, appeared to his followers on one occasion, while he was eating with them, and said:

“Do not leave Jerusalem, but wait for the gift my Father promised, which you have heard me speak about. For John baptized with water, but in a few days you will be baptized with the Holy Spirit.” (Acts 1: 4 – 5)

The Holy Spirit is often called the ‘Counsellor’ or the ‘Advocate’ who was poured out at the first Pentecost after Jesus’ death and would continue to be poured out until Jesus comes again. This marks the birth of the Church, who live between the times; sometimes referred to as the last days. The Spirit is spoken of in this striking liquid form partly because of the link with baptism and also because, when outpoured upon a person, they have an overwhelming experience of being filled, cleansed, healed, uplifted, reborn, even that they are drenched with the Spirit.

Jesus talks about the Spirit as the one who gives life, insight, who sustains them in suffering or opposition and who gives them the words to say. The word used for ‘Spirit’ is ‘Pneuma’ for the Spirit is the Christian’s very breath; giving them spiritual life. The Spirit is like the wind that blows that can’t be seen but is powerful enough to move huge ships across the sea. The presence of the Spirit convicts us of the things which are wrong and cause hurt and opens our eyes to the things of God. The Spirit never forces a way into our lives but descends as gentle as a dove.

It’s not surprising that Jesus tells them not to start off building his kingdom until the Spirit comes. Having an Advocate like this is essential. The work Jesus gives his followers to do, would be impossible without the Spirit’s **power** (the original word for power = **dunamis**: from which we get the word dynamite). We talk about **spirituality** and that we are **spiritual beings** and we all truly are. The Holy Spirit is described as a person, a ‘he’ in English translations. Yet the ‘Spirit’ is not described in masculine or feminine gender forms in the original languages (Spirit is neuter in Greek, female in Hebrew and Masculine in Aramaic!). Yet the Spirit is not an ‘it’ or a force but a real person! Let’s be sure of one thing, grammatical gender is not the same as personal gender. In a way, this defies traditional logic and tells us something about the divine nature of the Spirit as person transcending gender.

During these in **between times**, we need the Holy Spirit as much as the first disciples. The very account of the **Acts of the Apostles** are probably best described as the **Acts of the Holy Spirit** working in and through ordinary flawed people. Are you in between times, waiting for the next stage of your life to begin? Maybe ask God, who is not far from each of us, to pour out the Holy Spirit upon us so we are immersed in love, power and know the presence of Jesus is always with us? It requires an act of faith just as if you want to catch the wind, you need to put up a sail.

LAST MONTH we said.

From 1st April: To further promote recycling with **TerraCycle**, **Coca Cola** is introducing plastic ring pulls on ALL their range of drinks cans. Please Start Saving NOW ! and put them with the drinks cans in the bin at Green Meadows or at the bag at Moorland View footpath to Trewoodloe Lane. Thank you.

THAT WAS AN APRIL FOOL. There are no plastic ring pulls.

But please keep saving your cans for us.
