South Hill Community Orchard

Planting notes

What we've planted so far...

As of Autumn 2023, we've planted 30 apple trees of Tamar Valley Heritage varieties.

The varieties have been chosen from trees established in the Tamar Valley area, so as to protect their genetic diversity and ensure that we have heitage varieties suited to the local conditions. Many of these trees are grafts from Cotehele and similar collections.

Each tree is in a protective cage to defend against deer and rabbit attack until they get robust enough to take care of themselves

The map shows the vaieties, which are described on the following pages.

Apple Varieties

- 1 Rough Pippin
- 2 Cornish Mother
- 3 Devon Crimson Queen
- 4 Claygate Pearmain
- 5 Hocking's Green
- 6 Cornish Mother
- 7 Longkeeper
- 8 Cornish Pine
- 9 Oaken Pin
- 10 Pig's Nose
- 11 Longkeeper
- 12 Plympton Pippin
- 13 Cornish Aromatic
- 14 Luscombe's Pine
- 15 Luscombe's Pine

- 16 Pig's Nose
- 17 Pitmaston Pineapple
- 18 Pitmaston Pineapple

- 24 Ashmeads Kernel
- 25 Newton Wonder
- 26 Worcester Pearmain
- 27 Lord Derby
- 28 Lord Derby
- 29 Miel D'Or
- 30 Christmas Pippin

South Hill Community Jubilee Orchard

New tree planting - Autumn 2023

As at 23/11/23

Apple Varieties (1)

Rough Pippin (I)
Dessert, Mid to late season. Greenish yellow with orangey-red flush, refreshingly sweet. Very healthy. Somerset

Cornish Mother (2, 6)
Dessert Midseason, sweet and aromatic. Origin:
Wadebridge

Devon Crimson Queen (3)
Dessert "Queen". 2nd early, dark red, flat apple, with faint darker stripes. Sweet, aromatic and juicy. Origin: St. Dominic.

Apple Varieties (2)

Claygate Pearmain (4)
Fruits have firm, rather coarse textured juicy
flesh with a rich aromatic flavour

Hocking's Green (5) Firm sharp flesh. Origin Coads Green

Longkeeper (7, II)

Dessert. Mid to late season, sweet sub acid, firm, chewy. Found as a single tree in a hedge at Luckett.

Apple Varieties (3)

Cornish Pine (8)

Thought to be a seedling of the Cornish
Gillyflower. Prominently ribbed medium to large
yellow with brownish, orange flush. mid to late
dessert, sweet slight acid developing a pineapple
flavour.

Oaken Pin (9)
Dessert. Mid-late. Juicy, sweet and aromatic.
Once common on Exmoor. Good bearer

Pig's Nose (10, 16)
Dessert 2nd early. Pretty apple, speckled orange with fine, dull red stripes. Honey sweet. Bitter skin.

Apple Varieties (4)

Cornish Pine (8)

Thought to be a seedling of the Cornish
Gillyflower. Prominently ribbed medium to large
yellow with brownish, orange flush. mid to late
dessert, sweet slight acid developing a pineapple
flavour.

Oaken Pin (9)
Dessert. Mid-late. Juicy, sweet and aromatic.
Once common on Exmoor. Good bearer

Pig's Nose (10, 16)
Dessert 2nd early. Pretty apple, speckled orange with fine, dull red stripes. Honey sweet. Bitter skin.

Apple Varieties (5)

Plympton Pippin (12)
Cooker/Dessert Late season, green with a dull red flush, faint stripes. Dessert when kept.

Cornish Aromatic (13, 23)

Dessert Golden yellow fruit, red flush, flesh crisp.

Aromatic, Good flavour and cropping.

Luscombe's Pine (14,15)
Dessert. Mid season to late. Fruit yellow, ideal for apple juice making. Healthy and moderate vigour

Apple Varieties (6)

Pitmaston Pineapple (17, 18)

The flesh is creamy yellow, tender, juicy and sweet with a nutty, honeyed/musky flavour and hints of pineapple tartness.

Tregonna King (19)
Dual purpose. Late season, Disease resistant.
Good for baking in October, eat in January

Lord Lambourne (20)
Bright striped red, moderately sweet, aromatic, with a hint of strawberry.

Apple Varieties (7)

Ashmead's Kernel (21, 24)

Dessert apple which is a pale green aromatic fruit, with strong, sweet-sharp intense acid drop flavour.

Ben's Red (22)
Dessert Flat fruit, flushed and striped red with russett dots. Sweet.

Newton Wonder (25)
Large, yellow and scarlet. Cooks to juicy mild puree. Fruity eater later in season.

Apple Varieties (8)

Worcester Pearmain (26)
Dessert. Orange-red, firm, juicy, and very sweet,
with strawberry flavour. Ready Sept-Oct

Lord Derby (27, 28)
Excellent cooker, large firm green fruit, with distinctive angular ribbed shape, cook early for a good sharp taste

Miel D'Or (29)
Dessert, Small apple, yellow with a dull red flush and some russetting. Very sweet.

Apple Varieties (9)

Christmas Pippin (30)
A very "more-ish" apple, with a definite apple flavour, juicy melting flesh and a thin skin – very tasty and sweet.
