PUBLIC **MEETING**

Tuesday, 5th November
South Hill Parish Hall
Golberdon
starting at 7pm

South Hill Parish Council have received the following planning application:

PA24/06942 - Land north east of Meadowlands, South Hill Road, Callington

for the change of use of land from agricultural grazing to a green burial ground, associated with soft landscaping, green pathways, green parking area, re-erecting the existing shed and enhancing the existing access

Members of the public will be given the opportunity to ask questions or express their views on this application.

The Saltash Tunnel (Image: National Highways)

Work to upgrade the A38 Saltash Tunnel has been delayed until next year. National Highways was due to start an extensive programme of work to update the technology in the tunnel in November but it has now said the roadworks have been rescheduled for Summer 2025.

As part of a 'generational' refurbishment project, the tunnel and traffic control system within the 36-year-old tunnel will be upgraded, including electrical distribution, new LED lighting, fans and electronic signage. The upgrade represents a £25 million investment from the highways agency to improve journeys and maintain the safe operation of the tunnel for the future. [Major A38 Saltash Tunnel works delayed until next year - Plymouth Live](#)

On Wednesday, November 20th, The Bray Shop Speed Watch Team will be monitoring the speed of traffic through Bray Shop. This day of action is to support the Devon and Cornwall Police Road Safety Campaign in its effort to raise awareness of speeding traffic and its impact on local communities.

The team will be operating on the main road through Bray Shop on the following times:

09:00 to 10:00 - 11:00 to 12:00

13:00 to 14:00 - 15:00 to 16:00

You are more than welcome to pop along to see what they do.

St Sampson's Church South Hill

Band, Dogs and Scones at the end of September the churchyard was filled with the awesome sound of Callington Town Band and the church filled with the awesome smell of cream teas. A match made in heaven! We had dogs wagging tails and showing us their sitting skills amongst much laughter and a few barks! Lots of rosettes were awarded and no dogs or owners were disgraced or disqualified from bad behaviour.

Harvest Festival at St Sampson's at the beginning of October saw the Church beautifully decorated with flowers and fruit and veg. Many thanks to all the flower arrangers. The service was taken by Bishop Hugh and was followed by a sumptuous bring and share lunch and then an auction of produce, overseen by our apprentice auctioneer, Bishop Hugh, under instruction from Denis! Marrows, apples, eggs, jars of jam, all hotly contested with rising bids, but the item that resulted in a bidding war, was the giant Toblerone – Sad to say that I was outbid on this item! The proceeds of £166.47 were split between The Cornwall Air Ambulance and Ripple Effect and a big box of dried and tinned goods was taken to Callington Food Bank.

Have you ever wondered what happened to the Old Rectory at South Hill?

Do you know where it was and why it was demolished?

On 7th November at 7.30pm Suzan Tolman, who was the Portreeve in Callington, is giving a talk telling of her experience as a child growing up in the Old Rectory. The building was demolished years ago, but Suzan will show us photos and tell us all about it.

It promises to be an interesting and informative evening. Refreshments will be available.

It is free entry with donations welcome in aid of St Sampson's church restoration fund.

Date for your diary – book early Sam Sweeney Concert

We are pleased to announce a very special concert on April 13th 2025.

Our members paid a visit to our local food factory, Ambrosia over the border in Devon. We were told the history of Ambrosia on this site, how the products were made and then taken on a factory tour by Tim and Janine.

Before the tour started we were equipped with steel toecap shoes, an orange hi viz waistcoat and communications headphones. We walked to the entrance into the factory and were given a long white coat, another yellow hi viz jacket and a very fetching but necessary blue hair net. We went into the factory to be hit by the smell of hot vanilla and rice pudding. The cans wizzed by on a never ending conveyor belt with high tech wizardry. The headphones came into their own as the environment was very noisy. It was a rather hot atmosphere and as we were all wearing 2 hi viz vests and a white coat it got a little warm!

Tim's commentary throughout the tour was easy to hear, informative and interesting.

The next meeting of South Hill WI will be on Wednesday 6th November in the Parish Hall, Golberdon at 7.00 pm.

This month Rosemary Griggs returns with **THE LADY KATHERINE and a Tudor Christmas**. Rosemary introduced us to the Lady Katherine last year, and it will be a great treat to welcome her back. She will be in full period costume, and take us through the twelve days of Christmas as guests of Sir Philip Champernowne of Modbury - discovering the etiquette, menu and customs of a sixteenth century Christmas. Since we last saw her she has published another book, *The Dartington Bride*, and will have a few copies with her, so if you enjoyed her last book (*A Woman of Noble Wit*) bring a few pennies with you!

Prospective members always welcome.

Come to a couple of meetings with no commitment. Email Jane southhillwi@gmail.com

Dark winter nights approaching - time to make puddings! **Chocolate Puddle Pudding**

During the cooking the water sinks through the pudding, making a thick chocolate sauce underneath 😊

Oven temperature 180°C, 350°F. Serves 4 - 5

Pudding

100g (4oz) self raising flour
100g (4oz) soft margarine
100g (4oz) dark brown sugar
30ml (2tbsp) cocoa
2 eggs

Sauce

45ml (3tbsp) dark brown sugar
45ml (3 tbsp) cocoa
375ml (3/4 pint) boiling water
Demerara sugar for topping

Beat all the pudding ingredients together until smooth and glossy. Place in a greased 1 litre (2 pint) ovenproof dish, and level with the back of a spoon.

For the sauce, blend the sugar and cocoa with fingertips and sprinkle over the pudding mixture. Gently pour on the boiling water in a circular movement. Place the dish on a baking sheet in the oven for 35-40 minutes. Sprinkle with Demerara sugar and serve immediately.

Paul Carey CEO of the MVV Energy from Waste incinerator in Plymouth gave 19 of us, lunch and a full guided tour of the facility answering many questions. The site is next to the naval dockyard and provides heat and steam to the buildings and ships in port. Bottom ash is transported to Exeter, otherwise the facility is similar in ways to the SUEZ plant at St Dennis. Paul is also Chairman of the **Callington Youth Project Group** and the group decided to donate **£250** from our Recycling for Charity funds to help with their running costs.

At the MVV site, Plymouth.

You may have noticed, if you've visited.
THE BELL at the entrance, the plaque says
REDIVIVUS (Latin for reborn)

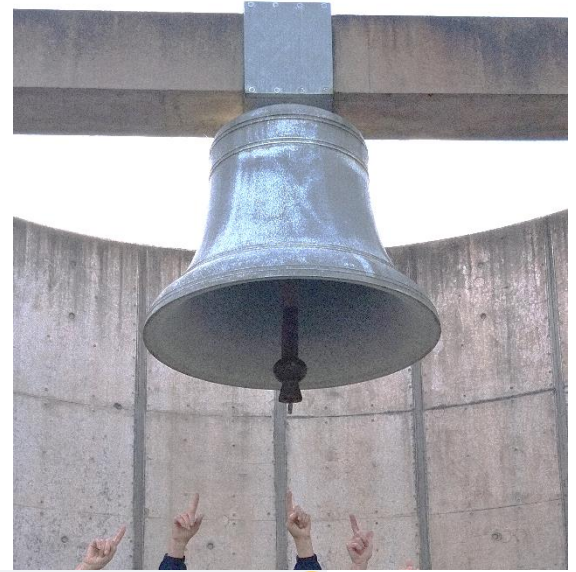

Over a period of NINE months, waste aluminium was collected from the bottom ash of the Devonport CHP facility, this was metal that should have been recycled. It was cast as a working bell at the world renown John Taylor's & Co bell foundry. Before mass communication bells were widely used as a call to action, a marker of the time, to call communities together, and to commemorate important events.

Born of the discarded materials of our everyday lives the bell represents and marks a change in thinking as we look forward to a better, more sustainable future.

Dated 2016 the bell weighs 4 tonnes.

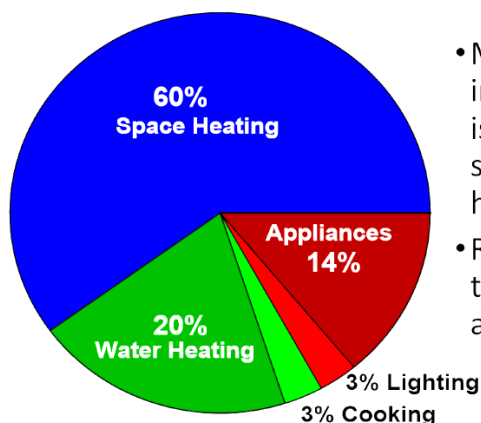

The rope was removed because people were ringing it...

We found if you stand on tippy toes and have a stick ... you can ring it 😊

Since Cornwall council started rolling out the new food waste service, you've help to recycle more than 5,000 tonnes of veg peelings, banana skins, tea bags, chicken bones, ribs and everything else that goes in your food caddy!

It is now a statutory obligation that all local authorities must provide a separate food waste collection, this way our food waste can be used to create both energy and biofertiliser!

- Most energy in the home is used for space heating
- Reducing this must be a priority

South Hill Parish Council

Details of the council meeting held on 15 October 2024 include the following topics:

CORNWALL COUNCIL COMMUNITY CHEST (CCCC): The public are reminded that CCCC monies detailed in September's Connection (£3500) is available to all not-for-profit groups in Cornwall. Grants cover a wide range of activities, with guidance for applicants and other details at www.cornwall.gov.uk/cornwall-council-community-chest/. The closing date for applications is 14 February 2025. Applicants might also wish to gain the support of their councillor Cllr Phil Seeva contactable at 07746 815302 or cllr.phil.seeva@cornwall.gov.uk

2024/25 BUDGET: Details of the current budget were examined with the current year's finances deemed to be on target.

ILLEGAL PARKING: A Camper Van has been parked for about a week in a layby between Trevigro and Golberdon. The council will contact Cornwall Highways if this persists. Members of the public are encouraged to do so also if they consider this to be a nuisance.

PARKING IN THE RECREATION FIELD: The need for an additional parking area has long been recognised. The Parish Council will detail plans to improve the available parking at the Trevigro end of the field over the next month or so.

RECENT FLOODING OF LOCAL ROADS: The public are reminded that flooding incidences should be processed through Cornwall Highways; if a safety issue, by calling 0300 1234 222 or if reporting small areas of flooding to Cornwall Council.

FOOTPATHS: A gate and posts have been delivered to the council for fitting on the Woodlands path, this will be done over the next month. Subsequent to this, a request for the required length of fencing to complete the fitting will be made to the Cormac Senior Countryside Officer. A replacement Footpath sign has been fitted opposite Trenavin Nursery indicating the direction of the path to Penwarden. The sign to Penwarden at the crossing Woodcockwells road does seem to be OK. The stiles on the footpath from Mornick to Trewassick will be looked at and repaired over the next couple of months.

PLUSHA JUNCTION ON THE A30: Details of the Highways plans for this junction and other junctions on the A30 between Kennards House and Five Lanes can be found at: <https://nationalhighways.co.uk/our-roads/south-west/a30-kennards-house-to-five-lanes-road-safety-improvements/>

The public are encouraged to make comments on the plans via a link at this site.

REMEMBRANCE SERVICE: The service will be held at the War Memorial on Saturday 9th November at 2.30pm. All welcome.
