

SHARE Equipment

Available for members at reduced cost

Thermal Camera.

An excellent tool for identifying heat loss from your home. Free to borrow. **£10 deposit required from SHARE members. £20 for non-SHARE members.**

Plug-in energy meter. An easy way of measuring the energy used by any electrical appliance with a 13A plug. Free to borrow. **£10 deposit required from SHARE members. £20 for non-SHARE members.**

Log splitter

The splitter is electrically powered, rated at 5 tonnes, which is sufficient for typical logs for a domestic woodburner. **To borrow £20.00/ day for SHARE members; £40.00 /day for non-SHARE members.**

8 tonne winch

This is a manual winch, portable and available complete with wire rope, strops and shackles. Multiple uses such as removing a tree stump from a garden, felling a tree or getting a car out of a ditch. **To borrow £20.00/ day for SHARE members; £40.00 /day for non-SHARE members.**

Long grass mower

The Lumag pedestrian-controlled mower will cut long grass easily. It is only available for those who have been trained by SHARE (which is free) and for a use which will improve the environment.

To borrow £20.00/ day for SHARE members; £40.00 /day for non-SHARE members. Please note, there are additional fuel and delivery costs.

Please note that all this equipment is available to users at your own risk.

Anyone volunteering for SHARE in any capacity may have hire fees waived.
